ACCOUNTING & FINANCE ASSESSMENT TOPICS

The Accounting & Finance Assessment is a fully online, customizable exam designed to measure student knowledge across accounting and finance topics. You'll work with our team to select topics that best align with your curriculum and map to your program's learning outcomes.

CORE TOPICS

Available at the undergraduate, master's, and doctoral levels. Choose from any of the core and supplemental topics to build your exam. Every topic selected will generate 10 questions on your assessment.

- Accounting
- Business Communications
- Business Ethics in Accounting
- Business Finance
- Business Policies, Integration, and Strategic Management
- Economics
  - Macroeconomics
  - Microeconomics
- Global Dimensions of Business
- Information Systems
- Leadership in Accounting
- Legal Environment of Business
- Management
  - Human Resource Management
  - Operations/Production Management
  - Organizational Behavior
- Marketing
- Quantitative Techniques, Statistics, and Research Analysis

ADVANCED & SUPPLEMENTAL TOPICS

PPeregrine enables programs to customize their assessments further with supplemental topics. These can be used to assess specializations, concentrations, or unique areas of emphasis.

- Accounting and the Business Environment
- Activity-Based Costing and Other Cost Management Tools
- Auditing
- Capital Budgeting Cash Flows
- Capital Budgeting Techniques
- Capital Investment Decisions and the Time Value of Money
